[Despatch Abstract]

Education - Fisheries - Fisheries
Schools in South Kanara District
Temporary Staff - Further
continuance - Sanctioned.

From
The Director of Industries &
Commerce,
Madras-5.

Department of Industries & Commerce

To
The Secretary to Government,
Agriculture Department,
Fort St. George, Madras-9.

Re. No. 5665 X1/55-2 dated 28-4-1955.

Sir,

Sub: Education - Fisheries Schools in South Kanara district -
Temporary staff - further continuance of - proposals.

Ref: 1.G.O.Ms.No.2076 Agriculture department dated 23-6-54
2.G.O.Ms.No.3168 Agriculture department dated 21-12-54.

Government were pleased to sanction in the orders cited above
a total of 21 secondary and 56 Higher elementary grade teachers for
26 fisheries schools in South Kanara district as follows:-

(See also serial No.4)					
		21	56		

Proposals are being submitted separately for the continuance of
the posts of 3 secondary grade teachers for the Bekal Middle School
which has since been raised into a High School.

A statement showing the class war strength and average attendance
in all the schools for the months of December '54, January 55 and
February 55 is enclosed herewith. The statement also gives the
expected strength in June '55, the staff sanctioned and the staff
employed in each school.

Unoor School: There are 5 classes in this school. Standards I to V with 3 teachers on staff. Standards I and II are being managed by one teacher. Standards III and IV by another teacher and the 3rd teacher in charge of V standard. Therefore the sanctioned staff of 3 teachers is quite essential.

Malpe Elementary School: There are 10 classes in this school in standards 1 to V each having 2 divisions. Out of the sanctioned staff of 11 teachers, 10 are in charge of 10 classes and the 11th teacher is being employed to relieve the Headmaster from his class-work for attending to the correspondence and supervision of the work of the Asst. Teachers. There is provision for employing such additional teacher in schools where there are ten or more sections. Since Malpe School is having 10 sections the employment of the 11th teacher is according to rule.

Polipnu Hr. Ele. School: This is a Higher Elementary School with 11 classes; Standards I to VIII. The total sanctioned staff of five Secondary grade and 8 Higher Ele. Grade teachers are being utilised as follows:-

4 secondary-grade-teachers-in-charge of 4 sections in standards VI, VII and VIII and the remaining 1 secondary grade teacher is to relieve the Headmaster from class work for attending to the correspondence work and supervision.

7 Higher Elementary grade-teachers are in charge of the 7 sections in standards I to V and the 8th Higher elementary grade teacher is prevocational teacher. The staff sanctioned is therefore the barest minimum. The strength of I standard is too much for a single teacher and it requires bifurcation. Separate proposals for it will be submitted later on.

Sandspit School:- The five teachers of the school are in charge of the standards 1 to V. ~~Th~~ the sanctioned staff is 1 Secondary and 4 Higher Elementary grade teacher, 5 Higher Elementary grade teacher have been employed. This is because the sufficient number of secondary grade teachers are not available to be employed. The strength of II standard is too big for a single teacher to manage and so it's bifurcation and the employment of an additional teacher of Higher elementary grade has been sanctioned in G.O.Ms.No.150 Agriculture dated ~~12-1-55~~ 18-1-55. This additional teacher sanctioned joined duty on 14-3-55. There are 6 teachers in the school.

Srinjanodaya, Kumhala, Kaup, Yermal, Hadavinakone, Hosdrur Kadaruram and Padubidri Schools: The staff sanctioned to each of these schools viz. one secondary and 4 higher elementary grade is the minimum requirements for handling the 5 classes. Not two classes can be combined and put in charge of a single teacher and hence the full sanctioned staff of 5 teachers is quite essential.

Kizhur:- This is a Higher Elementary School with 8 teachers (2 secondary and 6 higher ele.) 2 Secondary grade and 5 higher ele. grade teachers are in charge of the 7 classes (I to VIII) and the 6th Higher Ele. grade teacher is working as a prevocational instructor. The staff sanctioned is therefore the minimum required. Proposals for opening VIIIth standard have been submitted to the Government under Part II Scheme of 1956-57. When standard VIII is opened the school will be a full fledged Higher Elementary School.

Chervathur Higher Ele. School: This is also a Higher Elementary School having 8 classes with 9 teachers. The 8 teachers are in charge of the 8 classes while the 9th teacher is being utilised as a prevocational instructor.

Keserkodi and Tarapathi schools: These 2 schools are having 5 classes and 4 teachers each. At Keserkodi school standards II and III have been combined and put in charge of single teacher while the remaining standards I, IV and V are in charge of a teacher each. At Tarapathi school, standards IV and V have been combined and put in charge of a

single teacher and the other classes I, II and III are in charge of a single teacher each. The staff at these schools is also the barest minimum.

Navunda Hr. Ele. School: This Higher Elementary school has got a staff consisting of 3 secondary grade and 7 Higher ~~grade~~ elementary grade teachers. The 3 secondary grade teachers are in charge of the standards I to V standards (I having w 2 divisions). The remaining one Higher Elementary grade teacher is working as a prevocational instructor.

Kodi and Udiawar schools: Each of these schools is having 5 classes and 3 teachers of Higher Ele. grade. At Kodi school standard I is put in charge of a teacher while standard II and IV are in charge of the 2nd teacher and standards III and V are being-handled by the 3rd teacher. At Udiawar classes are held as follows:

Standard I	1 teacher
-do-II&III	1 "
-do-IV&V	1 "

Total 3 teachers.

The sanctioned staff at these schools is the barest minimum requirements.

Hejmadikodi Higher Ele. School: In this School there are 13 classes standards I to VIII. There are 2 divisions in each of the standards I to V. The work among the 15 teachers (4 secondary plus 11 Higher ele.) are allotted as follows:-
3 secondary grade teachers in charge of standards VI, VII & VIII
1 -do- to relieve the Head master from class works to enable him to ~~xxx~~ attend to the correspondence work and supervision.
10 Higher Elementary grade teachers for handling 10 sections in Standards I to V each having 2 divisions.
1 Higher Ele. Grade teacher as a prevocational instructor

Bekal elementary school: With 2 divisions in each in Standards I to IV the school is having 9 classes (including V standard) which are being handled by the 9 teachers sanctioned. The strength in standard I is too much for 2 divisions and hence proposals have been submitted to the Government for sanctioning the employment of an additional teacher of Hr. Ele. grade in order to trifurcate the I standard.

Karhangad Higher Ele. School: -This is a Higher Ele. School having 10 sections in standards 1 to VIII. Standards I and II are having 2 divisions each. There are 8 Higher Ele. Grade teachers including the one prevocational instructor and 3 secondary grade teachers on the staff. The staff sanctioned is the minimum required.

Bengre school: - Out of the sanctioned staff of one secondary plus four Higher Ele. grade, the post of the secondary grade teacher has been temporarily kept in abeyance from 1-3-55 on account of the decrease in the strength in the school. The remaining four teachers are the barest minimum requirements for the school.

Udinoorkadapuram school: - This school is having only four teachers for five classes. While standards I to III are in charge of a teacher each, standards IV and V have been put in charge of the 4th teacher. The latter two standards are too big to be managed by a single teacher and hence an additional teacher is needed. Proposals for this will be submitted separately.

Adkathbail School:- This Ele. school is having five classes and these classes are being managed by the five teachers on the staff. The strength and attendance of 1st standard is too big for a single teacher to manage and so proposals have been submitted to Government to sanction its bifurcation and the employment of an additional higher elementary teacher and orders are awaited.

X / A perusal of the statements on strength of the school and average attendance of the school will clearly show that for the efficient management of the school, the staff employed is necessary and should be continued. I therefore request that Government may be pleased to sanction the continuance of the posts of 18 secondary grade and 56 higher elementary grade teachers in the various fisheries schools in South Kanara district for a period of one year from 1-6-55.

X. X. Patil Kevadas

- For Director of Industries & Commerce.
